

TECHNISCHE DATEN:

Aufbau

Anschlussgewinde-Dichtring Polyethylen PE-LD (low density)

Eigenschaften

- zur besseren Abdichtung am Anschlussgewinde

Temperaturbereich -30 °C / +90 °C

Hinweis montierter Dichtring ermöglicht höhere Schutzart

TECHNICAL DATA:

Configuration

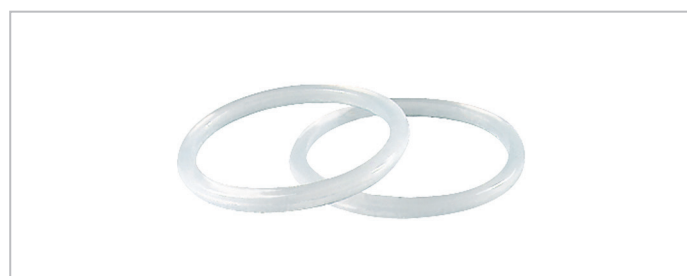

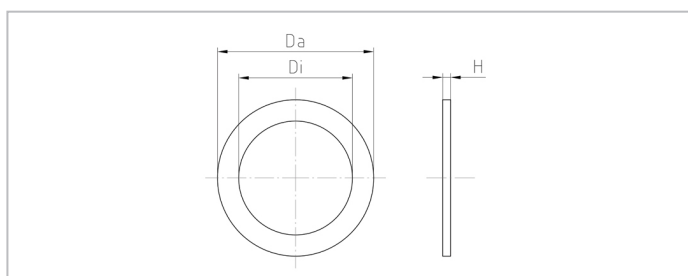

Sealing ring for connecting thread Polyethylene PE-LD (low density)

Properties

- for improved sealing on the connecting thread

Temperature range -30 °C / +90 °C

Comment assembled sealing ring enables higher protection grades
